# ANNUAL FILING AFFIDAVIT

STATE OF TEXAS            }  
COUNTY OF ANGELINA    }

I, James E Eaves, of the Four Way Special Utility District hereby swear, or affirm, that the District above has reviewed and approved at the meeting of the District's Board of Directors on the 8<sup>th</sup> day of May, 2012 its annual audit report for the fiscal period ended December 31, 2011 and that copies of the annual audit report have been filed in the District's office, located at 411 N Main Street, Huntington, TX 75949.

This filing affidavit and the attached copy of the audit report will be submitted to the Texas Commission on Environmental Quality to satisfy the annual filing requirements of the Texas Water Code Section 49.194.

Date: May 08, 2012 By: James E. Eaves

Sworn to and subscribed to before me this 8<sup>th</sup> day of May, 2012  
Regina Hutcherson

My Commission Expires On: February 28, 2014

Notary Public in the State Of Texas.

INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Four Way Special Utility District  
Huntington, Texas

I have audited the accompanying statement of net assets of Four Way Special Utility District as of December 31, 2011, and the related statement of activities and cash flows for the year then ended. These financial statements are the responsibility of the Four Way Special Utility District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Four Way Special Utility District as of December 31, 2011, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have issued my report dated May 7, 2012, on my consideration of Four Way Special Utility District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The report is an integral part of the audit performed in accordance with *Government Auditing Standards* and important for assessing the results of my audit.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I do not audit the information and express no opinion on it.

Management's Discussion and Analysis  
Four Way Special Utility District  
December 31, 2011

The management of Four Way Special Utility District (the District) offers the reader of the District's basic financial statements this narrative overview and analysis of the financial performance of the District for the year ended December 31, 2011. Please read it in conjunction with the District's basic financial statements, which follow this section.

### OVERVIEW OF WATER DISTRICT

Four Way Water Supply Corporation was organized and chartered on March 7, 1966 under Article 143a of the Revised Civil Statutes of Texas of 1925 for the purpose of providing and furnishing a safe and dependable water supply to the rural area in Angelina County.

On July 1, 2007, Four Way Water Supply Corporation became a Special Utility District in order to provide the system customers with a recognized political subdivision that would have the powers needed to obtaining alternative and more favorable methods of financing the future system improvements.

A Special Utility District is a political subdivision, and can issue revenue bonds on the open market or for purchase by the Texas Water Development Board (TWDB). An SUD is exempt from ad valorem taxes on its personal property, utility lines and plant facilities, as well as sales tax on supplies and services. It is subject to the Open Meetings and Open Records Act. It must follow statutory bid advertisement and contract provisions for political subdivisions and is subject to the continuing right of supervision by the Texas Commission on Environmental Quality (TCEQ).

Four Way Special Utility District currently provides service to over 1900 customers.

### FINANCIAL HIGHLIGHTS

- The District's total assets exceeded liabilities by \$4,497,869 on December 31, 2011 as a result of the year's operations.
- The District's total assets were \$4,941,390; of this amount \$3,861,616 represents capital assets, and \$983,885 represents cash and cash equivalents.
- Liabilities for the District totaled \$443,521 of which \$219,484 accounts for obligations under long-term debt.
- Operating revenues for the District at year end were \$1,022,780 and exceeded operating expense by \$278,285. The major revenue sources that contributed to the District were water sales.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. Three components comprise the District's basic financial statements: (1) business-type activities financial statements, (2) notes to financial statements, and (3) required supplementary information. This report also contains other Texas supplementary information in addition to the basic financial statements themselves.

#### *Enterprise Funds*

Enterprise Funds (Proprietary Fund) are used to report the same functions presented as business-type activities in the basic financial statements. This District has only one major Enterprise Fund.

### *Notes to Financial Statements*

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

### *Statements of Net Assets*

The statements of net assets for the District are similar in many ways to the balance sheet presented as a basic financial statement for private-sector companies. The statements of net assets include all of the District's assets and liabilities. A major function of the statement of net assets is to measure the ability of the District to meet its current and long-term obligations. Perhaps the biggest difference between the statements of net assets and the private-sector balance sheet is in the reporting of the difference between total assets and total liabilities. In the balance sheet of a private-sector business, the difference between the total assets and total liabilities is a measure of the value of the business that the owners would realize if they sell their share.

Instead of measuring the "owners' equity," state and local governments report the net value of "net assets" in these major categories:

- Invested in capital assets – net of related debt
- Restricted
- Unrestricted

Since the "owners" of the District are ultimately the citizens of the state of Texas and not an individual or group of investors, GASB believes it is more useful for the reader of the basic financial statements to know whether the "net assets" were invested in capital assets, are restricted for future use, or their future use is unrestricted.

### *Required Supplementary Information*

The basic financial statements are followed by a section of required supplementary information. This section includes a budgetary comparison schedule. It provides detail comparisons of expenditures. Comparisons can be made between the original budget, final budget, and actual costs of the year.

### **FINANCIAL ANALYSIS**

Net assets may serve over time as a useful indicator of a financial statement position. In the case of the District, assets exceeded liabilities by \$4,497,869 at the close of the year ended December 31, 2011.

There are \$3,642,132 of net assets that represent capital assets – net of related debt. The remaining balance of \$855,737 represents unrestricted net assets that may be used to meet the District's ongoing obligations.

### *Statements of Revenues, Expenses, and Changes in Fund Net Assets*

The statements of revenues, expenses, and changes in fund net assets serve as similar function to the statements of income for private-sector businesses. Unlike private-sector businesses, the District does not seek to earn a profit in the long-term. However, the District must cover its operations, maintenance, and other costs annually from fees and charges since the District does not levy or collect any tax revenue. The statements of revenues, expenses, and changes in fund net assets measures how well annual cost are covered by fees and charges.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

### *Capital Assets*

At the end of 2011, the District had \$6,092,279 invested in a broad range of capital assets, including facilities and equipment for transportation, administration, and maintenance.

### *Debt*

At December 31, 2011, the District had outstanding debt in the amount of \$219,484.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS**

There are currently no known or anticipated economic factors affecting next year's budget. No significant changes to the District's budget for 2012 are expected.

## **CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our customers and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the business office, at PO Box 250, Huntington, TX 75949-0250.

FOUR WAY SPECIAL UTILITY DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
Year Ended December 31, 2011

Note A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Entity

On July 1, 2007, Four Way Water Supply Corporation became a Special Utility District (the District). The District is a political subdivision operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Directors elected by registered voters of the Special Utility District. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board and other authoritative sources identified in **Statement on Auditing Standards No. 69** of the American Institute of Certified Public Accountants.

Proprietary Financial Statements and Basis of Accounting

The District's business-type activities include operations that rely to a significant extent on fees and charges for support. The Proprietary Fund is accounted for on a flow of economic resources measurement focuses and utilizes the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. The District applies all GASB pronouncements as well as the Financial Standards Board pronouncements issued on or before November 30, 1989, unless these pronouncements conflict or contradict GASB pronouncements. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the fund Statement of Net Assets. The fund equity is segregated into invested in capital assets net of related debt, restricted net assets, and unrestricted net assets.

The District's activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities are accounted for in a proprietary (enterprise) fund.

Other Accounting Policies

For purposes of the statement of cash flows for the proprietary fund, the District considers highly liquid investments to be cash equivalents if they have a maturity of less than a year when purchased. At year-end, the District's cash balances were deposited in six banks.

FOUR WAY SPECIAL UTILITY DISTRICT  
 NOTES TO FINANCIAL STATEMENTS-CONTINUED  
 Year Ended December 31, 2011

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Accumulated Vacation and Sick Leave Benefits

The District does not allow employees to carryover unused vacation or sick days into the next fiscal year.

NOTE B – CASH AND CASH EQUIVALENTS

At December 31, 2011, the cash balance consists of the following:

Cash on Hand	\$	450
Cash Account		
Huntington State Bank-Operating		170,588
Capital One		64,061
Cash Equivalents (Time Deposits)		
East Tx Professional Cr Un-MM		112,653
East Tx Professional Cr Un-CD		97,115
First Bank and Trust-CD		106,881
Texas State Bank-CD		101,896
Genco Credit Union-MM		229,721
Capital One Bank-MM		100,520
Total		<u>\$ 983,885</u>

NOTE C – CAPITAL ASSETS

Capital assets are recorded at cost. Expenses for maintenance and repairs are charged to operations. Betterments that materially extend the life are capitalized. Depreciation is computed on the straight-line method over the estimated useful lives of the assets.

Capital asset activity for the District for the year ended December 31, 2011 was as follows:

FOUR WAY SPECIAL UTILITY DISTRICT  
 NOTES TO FINANCIAL STATEMENTS-CONTINUED  
 Year Ended December 31, 2011

	<u>Beginning Balance</u>	<u>Addition</u>	<u>Reclassify/ Retirements</u>	<u>Ending Balance</u>
Proprietary Activities:				
Land and Easements	\$ 94,265	\$ -0-	\$ -0-	\$ 94,265
Buildings	332,583			332,583
Office Furniture and Equipment	283,195	1,472		284,667
Automobiles	106,958	23,447	7,241	123,164
Water Distribution System	1,535,726	157,625		1,693,351
Water Wells and Plants	3,505,346	6,675	8,774	3,503,247
Construction in Progress	64,481	238,147	241,626	61,002
	<u>5,922,554</u>	<u>427,366</u>	<u>257,641</u>	<u>6,092,279</u>
Less Accumulated Depreciation	<u>(2,042,075)</u>	<u>(188,588)</u>		<u>(2,230,663)</u>
Net Capital Assets	<u>\$ 3,880,479</u>	<u>\$ 238,778</u>	<u>\$ 257,641</u>	<u>\$ 3,861,615</u>

During the year ended on December 31, 2011, the District had construction cost incurred on water line upgrades in the amount of \$106,158.

NOTE D – LEASE AGREEMENT

In January 1982, the District leased a well from Lufkin Industries for a term of forty years. The lease could be canceled by either party giving the other party five years prior written notice of cancellation according to the terms of agreement. On April 27, 1983, Lufkin Industries amended the contract to provide the lease may be canceled by either party giving the other party two years written notice of cancellation.

Annual rental payments under the terms of the lease are \$13,136.00 from 1983 to 2021 and \$6,568.00 for the year 2022.

If at the end of any calendar year while the lease is in force, the total paid during the calendar year by Lufkin Industries to the District for treated water exceeds the total amount paid during that calendar year by the District to Lufkin Industries for untreated water, plus the annual rental payments mentioned above, then the District is to rebate Lufkin Industries an amount of money to make the sums equal.

The District is responsible for the operation and maintenance of the leased well.

FOUR WAY SPECIAL UTILITY DISTRICT  
 NOTES TO FINANCIAL STATEMENTS-CONTINUED  
 Year Ended December 31, 2011

NOTE E - RETIREMENT PLAN

The District has a retirement plan covering employees with Texas County and District Retirement System. Under the plan, the District contributes 4.09% of each eligible employee's salary. Plan expenses incurred during the year ended December 31, 2011 are \$7,992.

NOTE F - FORT STANLEY AREA WATER UTILITY

TCEQ has requested the District to become the temporary manager of Fort Stanley Area Water Utility beginning September 1, 2004. Expenses incurred by the District will be reimbursed in the near future. Effective April 12, 2012, Fort Stanley Area Water Utility was merged with the District.

NOTE G - CHANGES IN LONG-TERM DEBT

At December 31, 2011, long-term debt consists of a note payable to Capital One Bank in the amount of \$350,000 dated September 13, 2010. The outstanding balance at December 31, 2011 is \$332,361 with monthly payments of \$10,380 maturing October 01, 2013. The interest rate is fixed at 4.10%.

Long-term debt activity for the District for the year ended December 31, 2011, was as follows:

	<u>Beginning</u> <u>Balance</u>	<u>Amount</u> <u>Issued</u>	<u>Amount</u> <u>Redeemed</u>	<u>Ending</u> <u>Balance</u>
Capital One Note Payable	<u>\$332,361</u>	<u>\$ 0</u>	<u>\$ 112,877</u>	<u>\$219,484</u>

The annual requirement to amortize outstanding debt as of December 31, 2011 follows:

<u>YEAR</u>	<u>PRINCIPAL</u>	<u>INTEREST</u>	<u>TOTAL</u> <u>REQUIREMENTS</u>
2012	\$ 117,758	\$ 6,802	\$ 124,560
2013	101,726	1,919	103,645
TOTAL	<u>\$ 219,484</u>	<u>\$ 8,721</u>	<u>\$ 228,205</u>

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENTAL AUDITING STANDARDS*

Independent Auditor's Report

Board of Directors  
Four Way Special Utility District  
Huntington, Texas

Members of the Board:

I have audited the financial statements Four Way Special Utility District as of and for the year ended December 31, 2011. I have issued my report on them dated May 7, 2012.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standard applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Four Way Special Utility District's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Four Way Special Utility District's internal control over financial reporting. Accordingly I do not express an opinion of the effectiveness of Four Way Special Utility District's internal control over financial reporting. A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency or combination of control deficiencies that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principals such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I considered to be material weaknesses as defined above. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

This report is intended for the information of the Board of Directors, the audit committee and the administration and is not intended to be used and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH  
OMB CIRCULAR A-133**

Independent Auditor's Report

Board of Directors  
Four Way Special Utility District  
Huntington, Texas

Members of the Board:

Compliance

I have audited the compliance of Four Way Special Utility District (the District) with the types of compliance requirements described in the *U S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2011. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's administration. My responsibility is to express an opinion on the District's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of District's compliance with those requirements.

In my opinion, Four Way Special Utility District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2011.

Internal Control Over Compliance

The administration of Four Way Special Utility District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing my audit, I considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance, but not for the purpose of expressing an opinion of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the District's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency or combination of control deficiencies that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency or a combination of significant deficiencies that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses as defined above.

This report is intended for the information of the District Director's, the audit committee and the administration and is not intended to be used and should not be used by anyone other than these specified parties.
